 <p>ASHAWAY RACKET STRINGS</p> <p>PowerNick™ <i>The Most Powerful Squash String in the World</i></p>		<p>Players looking to add power to their game. Tremendous power from Zyex filaments. Superior tension-holding properties. Outer spiral braid enhances spins and slices. Firmer playability. Gauge – Blue 1.25mm or Red 1.15mm</p>	<p>£24</p>
		<p>Tecnifibre 305 Green Maximum of 1540 filaments + polyurethane</p> <p>Technifibre 305+ Black 1.20 Elastyl fibre which is 12% more powerful than standard polyamide</p>	<p>£25</p> <p>£26</p>
 <p>ASHAWAY RACKET STRINGS</p> <p>SuperNick XL Titanium <i>For like performance using with Titanium technology</i></p>		<p>Nylon Multifilament construction for gut-like performance. Textured surface for optimum ball control. Excellent resiliency in all rackets. Titanium additive in nylon resin wear layer. Excellent combination of playability and durability. Gauge - 1.25mm.</p>	<p>£23</p>
 <p>ASHAWAY RACKET STRINGS</p> <p>SuperNick XL Pro <i>Textured surface for control – a realistic double string</i></p> <p>SuperNick XL <i>Textured surface for control – an extremely realistic string</i></p>		<p>Nylon Multifilament construction for gut-like performance. Textured surface for optimum ball control. Excellent resiliency in all rackets. Softer playability. Players looking for improved feel and control of the ball. Gauge - 1.25mm.</p>	<p>£22</p>
		<p>Wilson NXT Squash Gut like playability provides maximum feel As used by many top players</p> <p>Wilson Helix Very durable, high energy string with enhanced feel and great bite</p>	<p>£24</p> <p>£22</p>
		<p>Titan Dura Fibre High modulus multifilament impregnated into specially formulated elastomer resin and then twisted together to mimic natural gut. Texture - Soft Gauge - 1.30 (Squash) 1.35 (Tennis)</p>	<p>£19</p>
		<p>TITAN PowerWrap 1.20mm. The roughness of the jacket offering extra bite during play and the thin gauge providing improved power. Available in 3 distinct colours - orange, yellow and white. Construction: Multifilament core with double braided multifilament jacket, finished with the black outer wrap.</p>	<p>£18</p>
		<p>TITAN Response 1.20mm squash string is our roughest string offering maximum "bite" during play. The thin gauge and multifilament core create a consistent, powerful elasticity in the string bed. The TITAN anti-abrasive coating provides improved durability. Gauge – 1.20mm</p>	<p>£19</p>
		<p>Tecnifibre X-One Biphase 18 Red Multifilament Technology, Elastyl fibre/Trimerized PU & H2C fibres. More power due to Elastyl fibre. Better cohesion, holds tension better. Biphase process increases durability by 20%. Plays like natural gut.</p>	<p>£26</p>
		<p>Titan TI-68X available in Neon Yellow or White A newly developed micro gauge string of 0.68 mm offering great power and control. With its Titanium Hybrid coating wrapped round a tried and tested multifilament core Gauge - 0.68mm (Badminton) Texture - Rough</p>	<p>£22</p>
		<p>Yonex BG65 – Badminton Multifilament, Popular all round string, thinner gauge for extra feel, ideal for control players. Gauge- 0.70mm gauge / soft texture</p>	<p>£22</p>

Numerous other strings in stock, others available to order.

Grommet strips and grips available.
